Subject: Protest: Sth Fork Wind, Tomorrow

Protest South Fork Wind? 11 am tomorrow (Feb 11)

The ceremony will be held at LTV Studios (75 Industrial Road, Wainscott) near the first construction pit for underground duct banks and massive vaults at the Wainscott Northwest Road railroad crossing. New York State has failed to deliver the "in-depth environmental and economic analysis" it promised. LIPA, NYS, the Town, and South Fork Wind are ramming through the project and preventing judicial oversight of a rigged procurement and a Public Service Commission proceeding for show.

Governor Kathy Hochul and Deb Haaland, Secretary of Interior, will reportedly be there.

If you come, bring a sign (please be polite). 🌐

Bonnie plans to be there from 10:30 am tomorrow.
